

Interested in the Experienced Worker Assessment?

What to do next:

- 1) Complete the self-assessment Skills Scan to decide if you meet the Experienced Worker requirements. The Skills Scan and how to complete it is available at: <https://www.the-esp.org.uk/our-work/ewa/skills-scan-experienced-worker-assessment/>
- 2) If you wish to go ahead, complete the Candidate Background form available on the page above. You will then need to search for a training provider.
- 3) Please do not send these forms to TESP, we are not a training provider. You can find training provider links here: <https://www.the-esp.org.uk/our-work/ewa/training-providers/>
- 4) Once you are enrolled with a training provider, they will look at the Skills Scan and Candidate Background form and will agree an individual assessment plan with you.

Full information about the Experienced Worker Assessment can be found at:
